

application fields of HF induction heating

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering, induction melting and induction surface treatment applications
<http://www.uihm.com>

induction application fields including Glasses frame welding, Fish hook welding, Knife blade heat treatment, Ultra-light brazing, Metal inserting, Subminiature part heat treatment, Enamel peeling-off, Soldering, Continuous wire heat treatment

application fields of HF induction heating

service@uihm.com

United Induction Heating Machine Limited

▲ Eye glasses frame

▲ Super hard materials brazing

▲ Removal of enamel coating

▲ Knife heat treatment

▲ Heat treatment for subminiature parts

▲ Heat treatment for continuous wire

▲ Fish hook welding

▲ Metal insertion

▲ Soldering
